Sudaraka Wijesinghe

has successfully completed the online Specialization

Investment and Portfolio Management

This Investment Management Specialization provides a solid foundation in financial markets, instruments, and practical investing for all learners who have an interest in portfolio management and personal investing. With an emphasis on developing familiarity with global financial markets, financial market information, investment management tools, products, and solutions with a large degree of applied content provided in collaboration by industry experts, this Specialization also provides an understanding of the financial theory underlying optimal portfolio choice and risk management. It teaches all learners with an interest in wealth management the analytical tools, the quantitative skills, and the practical knowledge required in pursuing 'state-of-the-art' investment management practices.

Arzu Ozoguz

Arzu Ozoguz, PhD
Former Finance Faculty for Jones Graduate School of Business
Currently Clinical Faculty of Finance at UNC Kenan-Flagler

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
